

Young People Floating Support Service, Northampton

Are you 16-25 and would like some help to live on your own?

Mayday can support you to maintain your independence, increase your confidence and become the person you want to be.

Do you need help and advice to:

- ...Manage your finances and/or benefits
- ...Meet your tenancy responsibilities
- ...Find support to deal with substance misuse issues
- ...Overcome feelings of social isolation and loneliness
- ...Make your home safe and secure
- ...Access community facilities, agencies and health care
- ...Access training, employment and voluntary work

How can we help?

Our service is designed to meet your individual needs. Your Floating Support Worker will help you decide the outcomes you want to achieve, and help make these happen.

The service offers regular key-work, providing flexible support within your home, or at other suitable locations.

You will be invited to take join activities run by other Mayday services. These include training, benefits talks, CV workshops, client involvement groups, social activities and days out.

We work closely with, and can refer you to other specialist agencies that can also help you.

This is a free service for young people in Northampton. It is paid for by Northamptonshire County Council through the Supporting People Team.

We support young people living in all types of accommodation including people in their own tenancies and homeowners.
